THE STAR

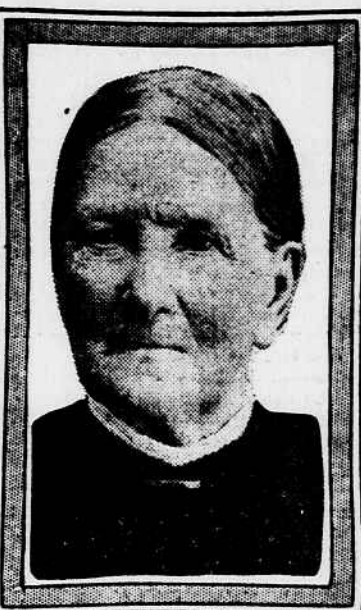

TWO VIRGINIA MOTHERS ALIVE WHOSE SONS FOUGHT IN '61-'65

One Man Battled in Gray and
the Other One in
Blue.

No Other Old Dominion Woman
Today Can Claim
Same Honor.

Special Correspondence of The Star.
HAMILTON, Va., February 19.—
Mothers who gave their sons to the
service of the south in the civil war
are very few in Virginia. Recently a
Richmond newspaper canvassed the
state in the effort to locate such moth-
ers still living, and as a result of the
search only two were found in the
entire state. One of these, Mrs. Massie
Fulton, is a resident of Hamilton,
where she makes her home with the
family of her son-in-law and daughter,
Mr. and Mrs. George W. James.

Mrs. Fulton will be ninety-five years
old March 12. Her father was Israel
Warner, who died at the age of
ninety-one years. She married John
Fulton in 1839, and their first born son,
William Franklin Fulton, who was a
member of the 8th Virginia Regiment,
C. S. A., in the company commanded
by Capt. S. A. Welby Grayson, was killed
near Richmond, June before the battle
of Seven Pines. In the summer of 1862,
Mrs. Lydia Ann Virts, a sister of Mrs.
Fulton, lives at Waterford, this county.
Her husband was Henry Virts, who was
from the north and a northern sym-
pathizer. In the war between the states,
their son, Charles W. Virts, was a mem-
ber of Company A, Loudoun Rangers,
commanded by Capt. Sam Means, the or-
ganization being "protection and home
guard" command attached to the north-
ern forces. Mrs. Virts was ninety-three
years old last November, and her son,
former Federal trooper, also is living.

MRS. MASSIE FULTON.

Mrs. Fulton and her sister Mrs. Virts
represent the sharpness with which the
lines were drawn during the struggle be-
tween the states, one sending a son to
wear the gray and to lay down his life in
defense of the south, while the other's
son wore the blue and fought for the
preservation of the Union.

Coming of a family noted for longevity,
Mrs. Fulton and Mrs. Virts have two
brothers and one sister still living. These
are Isaac Warner, eighty-three years
old; Charles E. Warner, eighty-four
years old, and Mrs. Melinda Brown,
who is in her eightieth year. The com-
bined ages of the five sisters and brothers
are 434 years, perhaps a greater total
than is attained by the combined ages of
any five brothers and sisters in the United
States. All of the members of this re-
markable family are in good health and
retain possession of their faculties un-
impaired.

STEVENSON LETTERS SOLD.
Papers of Famous Writer Bring \$33-
116 at New York Auction.
NEW YORK, February 19.—If Robert
Louis Stevenson could have sold his let-
ters in his lifetime at such prices as
they brought at their sale here, he
could have spent his later years in
comfort without having to depend upon
his literary efforts. The total sum de-
rived from the recent sale of Steven-
son's letters, books, manuscripts and
paintings was \$33,116. They were the
property of Mrs. Salisbury Field of
Santa Barbara, Cal. One letter de-
scribing Stevenson's visit to the Shet-
land Islands, written when he was
nineteen years old, brought \$35.

Rich Widow Refuses to Pay Fine.
PORTSMOUTH, Ohio, February 19.—
Mrs. Clara Foster, rich widow, jailed
here for failure to pay a one-hundred-
dollar fine in a sewer violation, remain-
ed in jail today, and says she will
stay indefinitely. Her lawyer has
planned to release her today, but was
ordered to do so by the board of
health, which brought the prosecution.

THE NEWEST REMEDY FOR
BACKACHE, RHEUMATISM AND DROPSY
Kidney, Bladder and Uric Acid trou-
bles bring relief to many. When
the kidneys are weak or diseased
(these natural filters do not cleanse
the blood efficiently), and the poisons
are carried to all parts of the body,
there follow depression, aches and
pains, heaviness, drowsiness, irrita-
bility, headache, rheumatism and rheu-
matism. In some people there are
sharp pains in the back and loins, dis-
tressing bladder disorders and some-
times obstinate dropsy. The uric acid
sometimes forms into gravel or kid-
ney stones. When the uric acid af-
fects the muscles and joints it causes
lumbago, rheumatism, gout or sciatica.
Write Dr. Pierce at once and send
cents for large trial package, or 50
cents for full treatment of "Anuric."
During digestion uric acid is ab-
sorbed into the system from meat
eaten, and even from some vegeta-
bles. The poor kidneys get tired and
backache begins. This is a good time

SWISS PRESIDENT SAYS NATION'S UNITY IS SAFE

"Neighbors More Likely to Become
Swiss" Than His People to Turn
From Their Country.

PARIS, February 19, 4:45 a.m.—Ca-
mille de Coppet, president of the Swiss
Federation, says that there is no crisis
in Switzerland involving the political
unity of the country, according to the
Bern correspondent of the Journal,
with whom M. de Coppet discussed
the agitation aroused in Switzerland
by the disclosures made during inves-
tigation of the case against the Swiss
colonels, arrested on charges of
communicating military secrets.

Right to Think as They Like.
"Switzerland tomorrow will be the
same Switzerland of yesterday," said
the president. "The sympathies en-
tertained by the Swiss for foreign
causes simply show that they are us-
ing fully their constitutional liberty
to think as they like. Should a move-
ment of assimilation take place on our
borders, it would be a movement of
endosmosis, as we say in physics, in-
stead of exosmosis. In other
words, our neighbors are far more
likely to become Swiss than are the
Swiss to enter into the life of the
alien nations. All this popular ef-
ference will quiet down when the
federal council meets. Everything
will be cleared up and Swiss patri-
otism will come out of the affair
strengthened if anything."

Accusations Aroused People.
A dispatch from Geneva January 14
last said that Col. de Wattenwyl and
other Swiss had been accused of commu-
nicating to Germany information regard-
ing French positions along the Swiss
frontier, and according to other accounts,
of having delivered to the Austro-
German military attaches the reports
received at Swiss headquarters regard-
ing the movements and the disposi-
tion of Swiss troops along the frontier.
Later dispatches have referred
to the "discovery" of a letter in which
the colonel was said to have been
aroused with regard to the ac-
cusations made against the two col-
onels, who were said to have been
tearing down a German flag by an
angry crowd in the city of Lausanne.

MR. ROOT FAVORED BRIDGE. Urged That Memorial Corner Stone Be Laid in 1902.

A letter from Elihu Root, when he
was Secretary of War, to the then
Speaker of the House of Representa-
tives, urging that the corner stone of
the proposed memorial bridge to con-
nect Washington with the heights of
Arlington should be laid during the
encampment of the Grand Army of the
Republic in 1902, has been made public
by officials of the Patriotic Legion of
America.
The letter is dated April 16, 1902, and
is as follows:
"I beg leave to transmit to you here-
with a letter from Thomas S. Hopkins,
chairman of the committee on memori-
al bridge of the Grand Army of the
Republic, urging that the corner stone
of the proposed memorial bridge to
connect the Capital city with the
heights of Arlington should be laid
during the encampment of the Grand
Army of the Republic during the week
beginning October 6, 1902. The sugges-
tion is so appropriate, and it seems to
me so desirable that the proposed me-
morial to the enlisted men of the civil
war should be begun under the auspices
of the survivors of that great struggle,
that I have caused to be prepared and
transmit herewith also a memorandum
showing the history and present con-
dition of the bridge project, and I ven-
ture to express the hope that the re-
quest of the Grand Army of the Repub-
lic may receive favorable consideration
from Congress."

WOULD CUT OFF BONUSES.

Senator Lane Wants Oil Lands
Leased on Royalties Only.
Senator Lane of Oregon has intro-
duced a joint resolution calling upon
the Secretary of the Interior to adopt
a royalty system in place of bonus and
royalty system in the sale of leases on
oil lands. The department sells
leases, the resolution says, to those
who tender the largest cash bonus over
and above royalty fixed by the Presi-
dent. It is contended that this policy
excludes a vast majority of citizens
from securing leases for lack of cash
to pay bonuses.

BRITAIN BUYING NO HORSES.

Gen. Benson Says Army Has Enough
for Immediate Use.

KANSAS CITY, Mo., February 19.—No
more American horses for use of the
British forces will be purchased for
some time at least, according to Maj.
Gen. F. W. Benson of the general staff
of the British army, who is in charge
of the purchase of horses.
Abandonment of the buying of horses
here is due to the fact that the Eng-
lish authorities have accumulated a
sufficient number of animals to last
three years.
Sixty thousand horses and 120,000
mules were bought in the Kansas City
market for British army uses.
More than 500,000 horses, valued at
\$125,000,000, have been shipped there
from this country since the beginning
of the war. About 440,000 horses were
shipped last year.
